L.B. Spearman

Contact Tel #
803.894.1104

Fax #
803.892.2123

E-mail Address
bspearman@pbritel.net

Section 2

Local Area 911 Implementation

List all individual local areas covered by this report (e.g., Lee County, Virginia):
Saluda County, South Carolina

(a) For each area listed above, identify the emergency response point to which 911 calls will be routed.

PBT Telecom, Inc. is a participant in the E-911 Implementation Project. BellSouth telecommunications, Inc. is the project coordinator. PBT will route E911 calls to BST's Senate Street Office and BST will route to PSAP locations.

(b) For each area listed above, provide details of the carrier's progress in completing translation and other work necessary to route 911 calls to the identified emergency response point.

PBT Telecom's single switch has been equipped for the receipt of E-911 calls since 1990. PBT could provide the service today and will do so upon the county's completion of their processes for implementation.

(c) For each area listed above, provide the date or projected date that transition to the 911 abbreviated dialing code will be completed.

In South Carolina, our state law has made the State Budget and Control Board responsible for the implementation of E-911. PBT does not have the statutory authority to decide any due dates for implementation. This process is decided by the county and the Budget and Control Board.

Section 3

911 Implementation Problems

(a) Describe any problems the reporting carrier has encountered in identifying 911 number call routing points. Describe any other operational problems carrier has experienced during the initial transition stages.

E-911 can not be implemented until addressing by the county is completed.

(b) Where the reporting carrier has experienced 911 implementation problems, describe any efforts the carrier has made to coordinate with public safety agencies and state and local authorities.

E-911 can not be implemented until addressing by the county is completed.

Section 4

Certification - To be signed by an authorized representative of the reporting entity

X-I certify that I am an authorized representative of the above-named reporting entity, that I have examined the foregoing report and to the best of my knowledge, information and belief, all statements of fact contained in this form are true and accurate statements of the affairs of the above-named company.

I certify that I am an authorized representative of the above-named reporting entity, that I have examined the foregoing report and to the best of my knowledge, information and belief, all statements of fact contained in this form are true and that the reporting entity has completed the steps necessary to properly route 911 emergency calls in the localities covered by the report as of _____.
